SOUND EXCELLENT. LOOK BRILLIANT.

Professional. Production and AV Services.

About: Captivate Productions is a full-service Technical Production and AV company dedicated to excellent customer service. From design to execution we have a single focus - captivating your audience.

More than a sound or lighting company, we produce the technical production of events of all sizes: from intimate speaking engagements and corporate meetings to conferences and festivals. We will provide what is best for you, your event, and your audiences' experience, engaging our strong network of professional service providers so that you sound excellent and look brilliant.

Sound • Lights • Video • Projectors • Wireless Microphone • Staging

"...determined the best plan for sound and did a wonderful job executing the plan."

-Jill Snyder, Metro Parks

"Our event has been taken to the next level since we've been working with Captivate Productions."

-Brooke, Event Coordinator

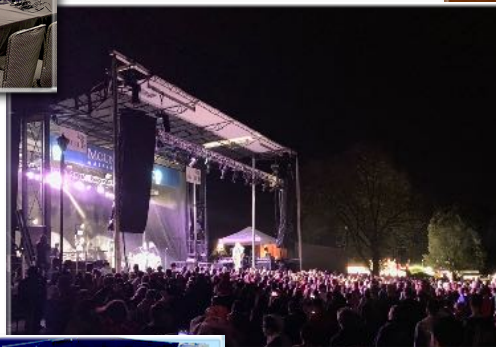

"The sound was excellent while being very discreet..."

-Michelle, President, Argo & Lehne

"...knowledgeable, prompt, efficient, friendly and professional."

-Derek W, Davidson Theatre

"...always prepared and communicates very well."

-Bharon Hoag, LLC

CAPTIVATE YOUR AUDIENCE

Professional. Production and AV services.

Phil Tuttle launched Captivate Productions after more than 20 years in the live-event and pro-audio industry. With a focus on quality & customer service, Captivate Productions provides personalized and tailored production and AV services. By understanding your vision and creating a plan, we deliver what your event actually needs instead of whatever is easiest to provide. Our clients appreciate our open and consistent communication, professional crew, and well maintained high-end equipment. No matter how large or small, your events deserve personal attention to detail, and we deliver. Connect with us and captivate your audience.
